

## **FIRE SERVICE SOCIETY**

The Fire Service Society was founded in 1994 as a **not for profit organization** dedicated to raising funds to assist in the advancement of research and the development of improved methods of burn treatment. The founding members of the Society include representatives from the Office of the Fire Marshal, Ontario Association of Fire Chiefs, Ontario Municipal Fire Prevention Officers Association, the Ontario Municipal Fire Department Instructors Association, Firefighters Association of Ontario, and the Ontario Association of Fire Chiefs Retirees.

The Fire Service Society was honoured to be accepted as a partner with the Ministry of Transportation and thrilled at the quality of reproducing the **Maltese Cross** on the license plate with the words "**Proud To Serve**" clearly displayed on the left hand side of the plate. The **Maltese Cross** is a firefighters badge of honor signifying that he works in courage and is willing to lay down his life for others.

This is an opportunity for all firefighters in this Province to be recognized for their bravery and dedication to their communities by purchasing these plates and at the same time assisting with educational programs and financial assistance to both victims of burn injuries and to hospitals and clinic burn units. The Fire Service Society has donated over \$10,000.00 dollars to date and with the assistance of Dependable Fire Trucks a golf cart was turned into a mini fire truck to assist children and adults with serious burns at Camp Bucko to get around. Take the time to visit our web site at [www.fireservicesociety.com](http://www.fireservicesociety.com) and your generosity will go along way.

Fire Chief Bruce Little, Chairman
