## Hands-on 2-day Training for Facility Managers— Essentials for Fire and Life Safety

➤ April 27–28, 2017 — Cranston, RI

➤ August 24–25, 2017 — Cranston, RI

NFPA 25, NFPA 72, and NFPA 101 are provided with this class.

This 2-day course was developed expressly for anyone serving in the role of Facility Manager, with special hands-on training and demonstrations of the critical fire protection and life safety systems in your facility—as well as how requirements in *NFPA 101® Life Safety Code®*, *NFPA 72® National Fire Alarm and Signaling Code®* and *NFPA 25 Inspection, Testing, and Maintenance of Water Based Fire Protection Systems*, are applied in practice. Complete this 14-hour course and qualify for 1.4 CEUs.

## Hands-on 3-day Training — NFPA 25 Inspection, Testing, and Maintenance of Water Based Fire Protection Systems

➤ April 24–26, 2017 — Cranston, RI

➤ July 10–12, 2017 — Cranston, RI

NFPA 25 is provided with this class.

This 3-day course combines hands-on training in a lab setting with classroom learning. Students will review the 2017 Edition of *NFPA 25*, chapter-by-chapter with an expert NFPA instructor then apply what they've learned on actual equipment. Return to your job with knowledge and experience you can apply immediately. With a better understanding of *NFPA 25* along with the hands-on experience you should save time and money on planning, installations, reviews, maintenance, training and more. Complete this 21-hour course and qualify for 2.1 CEUs.

## Hands-on 3-day Training — NFPA 13 Installation of Sprinkler Systems

➤ April 18–20, 2017 — Toronto, ON Canada

NFPA 13 is provided with this class.

This 3-day course will feature hands-on exercises and classroom discussion led by industry experts. You'll be more confident and efficient in your designs, installations, and analysis through interactive instruction that engages participants in the full range of *NFPA 13* application—including occupancy and commodity hazard classification updates, an area of the Standard that was extensively revised for the 2016 edition. Complete this 21-hour course and qualify for 2.1 CEUs.
