

Fire Safety Awards

Will the next winner be from your community?

Do you know of an individual or organization that has partnered with fire and emergency services by providing time, expertise or resources in support of fire/carbon monoxide safety in the community?

Why not recognize their achievements by nominating them for a prestigious Fire Safety Award today?

Successful partnerships do not occur without the resourcefulness and efforts of the fire department. Fire departments that submit nominations that are selected for an award will receive special recognition for their role in facilitating the partnership.

In order to make a fair and informed decision about the nominee, the selection committee requires detailed information about the nomination.

NOMINATION FORM Fire Safety Award

Nominations are due by April 15, 2016.
